- terminates, effective immediately, for the unused portion, the authorisation given by the Ordinary and Extraordinary General Meeting of 18 April 2023;
- authorises the General Manager, who may further delegate such authority under the conditions provided for by legal and regulatory provisions, to purchase its own shares or have them purchased, on one or more occasions and at the times of its choosing; and;
- decides that purchases of Company shares, as described in the paragraph above, may be for a number of shares such that the number of shares that the Company would purchase during the buyback program does not exceed 10% of the shares making up the Company's share capital (at any time whatsoever, and this percentage applies to adjusted capital based on transactions that affect it after this meeting). It is stipulated that (i) a maximum of 5% of the shares making up the Company's share capital may be held with a view to subsequent payment or exchange as part of a merger, demerger or contribution in kind, and (ii) for shares acquired as part of a liquidity agreement, the number of shares counting toward the abovementioned limit of 10% of the Company's share capital shall be the number of shares purchased less the number of shares resold during the term of this authorisation, and (iii) purchases by the Company may not, under any circumstances and at any time, lead the Company to hold more than 10% of the share capital of the Company.

The maximum purchase price paid by the Company for its own shares must not exceed thirty-five euros (€35) per share (excluding acquisition expenses). In case of capital transactions, specifically through the incorporation of reserves and/or the splitting or reverse splitting of shares, this price will be adjusted by a multiplier coefficient equal to the ratio between the number of shares making up the Company's share capital prior to the transaction and the same number after the transaction. Accordingly, in the event of a change in the par value of the share, a capital increase through the incorporation of reserves, the splitting or reverse splitting of shares, the distribution of reserves or any other assets, the amortisation of the share capital or any other transaction affecting shareholders' equity, the General Meeting delegates to the General Manager the authority to adjust the aforementioned maximum purchase price in order to take into consideration the effect of these transactions on the share value.

The maximum amount dedicated to the share buyback program amounts to two hundred million euros (€200,000,000).

Subject to compliance with applicable legal and regulatory provisions, these transactions relating to purchases, disposals, exchanges or transfers may be executed by any means, including by trading on a regulated market, on a multilateral trading facility, with systematic internalisers or over the counter, including through the acquisition or sale of blocks of shares (on or off the market), takeover bid or public exchange offering, as well as through the use of financial instruments, specifically derivative financial instruments traded on a regulated market or over the counter, such as call or put options or any combinations thereof, or by recourse to warrants, either directly or indirectly through an investment services provider, under the conditions authorised by the competent market authorities and at such times as the Company's General Manager deems fit. The maximum portion of the share capital acquired or transferred in the form of blocks of shares may comprise up to the entire program.

These transactions may take place at any time, subject to compliance with regulations in force, except upon filing by a third party of a public offering for the shares of the Company and until the end of such offer period.

This authorisation is intended to allow the Company to pursue the following objectives, in compliance with the applicable legal and regulatory provisions:

- to remit the shares during the exercise of rights attached to securities giving the right, immediately or in the future, through redemption, conversion, exchange, presentation of a warrant or any other manner, to the allocation of Company shares, as well as to engage in any hedging transaction in relation to the issuance of such securities, under the conditions stipulated by the market authorities and at such times as the General Manager or the individual acting on behalf of the General Manager deems fit;
- to keep the shares and to remit them later as payment or in exchange in the context of potential transactions for external growth, merger, demerger or contribution in kind;
- to cancel all or part of the shares through a reduction in the share capital (specifically in order to optimise cash management, return on equity or income per share), subject to this general meeting adopting Resolution 20, below;
- to facilitate the liquidity of transactions and consistency in the trading of the Company's shares or to prevent price swings not justified by market trends within the framework of a liquidity agreement entered into with an investment services provider operating with complete independence, under the conditions and in accordance with the methods set by regulation and recognised market practice and consistent with a code of ethics recognised by the *Autorité des marchés financiers*;
- and also with a view to any other practice which would become recognised by law or by the *Autorité des marchés financiers* or any other purpose which would become authorised by applicable laws or regulations in effect. In such a case, the Company would inform its shareholders by sending out a notice.

This authorisation is given for eighteen (18) months as at the date of this General Meeting.

The General Meeting grants complete authority to the General Manager, who may further delegate such authority under the conditions stipulated by the applicable legal and regulatory provisions, for the purposes of implementing this authorisation, and specifically:

- to place all orders on the stock exchange or over the counter ;
- to enter into any agreements specifically with a view to maintaining records on the purchase and sale of shares ;
- to prepare any documents, specifically for information purposes ;
- to allocate or reallocate the shares acquired for the various purposes in question, under the applicable legal and regulatory conditions; and
- to prepare any statements and execute any recording requirements of the *Autorité des marchés financiers* or any other public authority and, in general, to take all necessary measures.

The General Meeting acknowledges that the General Manager must account for any use made of this authorisation in the report required by Article L. 225-100 of the French Commercial Code, in accordance with Article L. 225-211 of the French Commercial Code on referral from Article L. 226-1 of the French Commercial Code.

shares and/or securities (including new or existing stock warrants) giving access by any means to the Company's share capital either immediately or in the future, with maintenance of shareholders' preferential right of subscription; it is specified that this delegation may allow the issue of transferable securities under the conditions provided for in Article L. 228-93 of the French Commercial Code;

- resolves, notwithstanding the above, that the General Manager may not, without the prior authorisation of the General Meeting, make use of this delegation of authority from the date of the filing by a third party of a public offer proposal for the Company's shares, until the end of the offer period ;

- resolves that the maximum nominal amount of the capital increases performed by the Company under this delegation, immediately or in the future, may not exceed a total of two hundred and ninety six million euros (€296,000,000), plus, where applicable, the par value of any additional shares to be issued to protect the rights of the holders of securities giving access to the Company's share capital as required by applicable legal, regulatory and contractual stipulations; it being specified that this amount has been set independently and separately from the caps on capital increases as a result of share and/or other securities issues authorised by Resolutions 19 and 22 to 26;

- resolves furthermore that the nominal amount of all debt securities giving access to the Company's share capital, immediately or in the future, that may be issued under this delegation, shall not exceed a total of one billion euros (€1,000,000,000) or the equivalent of this amount on the date of the issuance decision, in the event of issuance in foreign currency or in a unit of account set by reference to several currencies; it being specified that the nominal amount of all debt securities giving access to the Company's share capital, immediately or in the future, that may be issued under this delegation and Resolutions 22 to 25 shall not exceed a total amount of one billion euros (€1,000,000,000), the overall cap for all debt securities issuances. This amount is independent of the amount of the debt securities for which issuance is decided or authorised by the General Manager in accordance with Article L. 228-40 of the French Commercial Code.

Shares or securities giving access to the Company's share capital may be subscribed either in cash or by offsetting receivables against the Company.

Shareholders have a preferential right, in proportion to the value of their shares, to subscribe the shares and securities issued under this resolution. The General Manager may create to the benefit of shareholders, a subscription right on a reducible basis for the shares or securities issued, which may be subscribed to by the shareholders in proportion to their subscription rights and within the limits of their requests.

Consequently, if subscriptions on an irreducible basis and, where applicable, on a reducible basis, have not absorbed the entire issue of shares or securities as defined above, the General Manager may use all or some of the options below, in the order he deems appropriate:

- to restrict the issue to the amount of subscriptions, it being specified that in the event of a share issue, this limit may only be applied by the General Manager on condition that the subscriptions amount to at least three-quarters (3/4) of the issue decided;

- to freely distribute all or part of any securities not subscribed on an irreducible basis and, where relevant, on a reducible basis; and

- to offer to the public all or part of the non-subscribed shares on the French and/or international markets and/or abroad.

The General Meeting acknowledges that the authorisation implies, where applicable, in favour of the holders of securities giving access to the Company's share capital that may be issued under this delegation, automatic waiver by the shareholders of their preferential subscription right to shares in connection with such securities.

The General Meeting resolves that Company's stock warrants may be issued by subscription offer, as well as by free allocations to owners of existing shares, and that, in the event of a free allocation of stock warrants, the General Manager will be entitled to resolve that fractional allocation rights will not be negotiable and that the corresponding securities must be sold.

The General Meeting grants complete authority to the General Manager, who may further delegate such authority under the conditions stipulated by the applicable legal and regulatory provisions, for the purposes of implementing this authorisation, and specifically:

- determining the dates, prices and other conditions of the issues as well as the form and features of the transferable securities to be created;
- setting the amounts to be issued and the dividend entitlement date, with or without retroactive effect, for the securities to be issued;
- determining the method of payment for the shares or other securities issued and, if applicable, the conditions for their redemption or exchange;
- suspending, where applicable, the exercise of the share allocation rights attached to the securities to be issued, for a period which may not exceed three (3) months;
- setting the terms and conditions under which the rights of holders of securities providing access to the Company's share capital will be maintained, as relevant, in accordance with the legal and regulatory provisions in force and the conditions of any contractual provisions providing for other adjustments;
- charging any amounts against the share premium as required, in particular the fees occasioned by the issue, and deducting from this the required 10% of the nominal value of each issue to allocate these amounts to the legal reserve after each capital increase;
- undertaking any formalities required for the listing for trading on a regulated market in France or abroad, of the rights, shares or securities issued, and providing the financial services of the securities in question and exercise of the corresponding rights;
- deciding, in the event of an issue of transferable securities representing debt securities providing access to the Company's share capital, subject to the conditions defined by law, whether or not they are subordinated, setting the interest rate and the currency, the maturity, which may be perpetual if applicable, the fixed or variable redemption price with or without premium, the conditions for amortisation based on market conditions, and the conditions under which these securities will give entitlement to shares of the Company and the other conditions for issue (including the act of granting guarantees or securities) and amortisation; and
- in general, taking any measure that may be required, entering into any agreements, requesting any authorisations, performing any formalities, and doing whatever is necessary to ensure the successful outcome of the issues planned, or to postpone them, and specifically recording the capital increases resulting from any issue carried out under this delegation, and amending the Company's Articles of Association accordingly.

TWENTY-SECOND RESOLUTION

Delegation of authority to the General Manager to issue, through public offering, shares and/or securities giving access to the Company's share capital, with waiver of the shareholders' preferential right of subscription and for the issue of shares, a mandatory priority period granted to them.

The General Meeting ruling under the conditions of quorum and majority required for extraordinary general meetings, having reviewed the report of the General Manager and the special report of the Statutory Auditors, and in accordance with the provisions of Articles L. 225-129 *et seq.*, in particular with Articles L. 225-129-2, L. 225-135, and the provisions of Articles L. 22-10-51, L. 225-136, L. 22-10-52 and L. 228-91 *et seq.* of the French Commercial Code:

- terminates, effective immediately, for the unused portion, the authorisation given by the Ordinary and Extraordinary General Meeting of 18 April 2023;
- delegates to the General Manager, which may further delegate such authority, for a period of twenty-six (26) months as from the date of this General Meeting, the power to decide, on one or more occasions, in the proportions and at the times it deems fit, to issue Company shares and/or securities giving access by any means to the Company's share capital, immediately or in the

future, through public offering (including offers referred to in 1. of Article L. 411-2 of the French Monetary and Financial Code), in France or abroad, in euros or in foreign currency, with waiver of shareholders' preferential right of subscription. It is specified that this delegation of authority may allow for the issue of transferable securities under the conditions set forth by Article L. 228-93 of the French Commercial Code;

- resolves, notwithstanding the above, that the General Manager may not, without the prior authorisation of the General Meeting, make use of this delegation of authority from the date of the filing by a third party of a public offer proposal for the Company's shares, until the end of the offer period ;

- resolves that the maximum nominal amount of capital increases which may be performed by the Company immediately and/or in the future under this delegation shall not exceed fifty-nine million euros (€59,000,000). Added to this cap shall be added, where necessary, the par value of the shares or other equity instruments to be issued, in accordance with the applicable legal and regulatory provisions and any applicable contractual stipulations providing for other cases of adjustment, to preserve the rights of holders of securities representing receivables providing access to the share capital. It is specified that this amount is set independently and separately from the caps on share capital increases as a result of share and/or securities issues authorised under Resolutions 19, 21, 23 to 26; and

- resolves that the total nominal amount of debt securities giving access to the Company's share capital, immediately and/or in the future, that may be issued under this delegation, may not exceed one billion euros (€1,000,000,000), which represents the overall cap for all debt securities under this delegation and Resolutions 21 and 23 to 25, or the equivalent of this amount on the date of the issue decision, in the event of issuance in foreign currency or in a unit of account set by reference to several currencies. This amount is independent from the amount of the debt securities for which issuance would be decided or authorised by the General Manager in accordance with Article L. 228-40 of the French Commercial Code.

Issuances decided under this delegation will be completed through public offering.

This delegation of authority expressly excludes the issue of preference shares or marketable securities giving access by any means to preference shares either immediately or in the future.

Shares or securities providing access to the company's equity may be subscribed for either in cash or by offsetting receivables against the Company.

The General Meeting resolves:

- to waive the shareholders' preferential subscription right to the shares and securities issued under this delegation ;
- to grant shareholders a mandatory priority period of at least three (3) trading days in accordance with Articles L. 22-10-51 and R. 225-131 of the French Commercial Code for all shares issued in accordance with this resolution; and
- to delegate to the General Manager the option to grant a similar priority period for the issue of securities other than shares issued in accordance with this resolution.

A priority subscription period that does not lead to the creation of negotiable rights shall be exercised in proportion to the portion of equity owned by each shareholder and could potentially be topped up by a subscription on a reducible basis, in the understanding that unsubscribed shares will be sold to public investors in France or, where applicable, abroad.

In accordance with Article L. 22-10-52 of the French Commercial Code, the General Meeting resolves that:

- the issue price of shares shall be at least equal to the minimum amount authorised by laws and regulations in force at the date of the use of this delegation (namely, for information purposes only, at the date of this General Meeting, a price at least equal to the weighted average market price quoted for Covivio Hotels shares on Euronext Paris over the last three trading days preceding the

beginning of the public offering as defined in regulation (EU) 2017/1129 of 14 June 2017, less, where applicable, a maximum discount of 10%); and

- the issue price of securities providing access to the share capital, whether immediately or in the future, which may be issued under this delegation, shall be such that the sum immediately received by the Company, plus any amount it might receive subsequently, for each share or other equity security issued as a consequence of the issuance of these securities, shall be at least equal to the sum the Company would receive by application of the minimum subscription price defined in the previous paragraph, after a possible adjustment of that amount to cover any difference in dividend eligibility dates.

If subscriptions have not absorbed the entire issue of shares or other securities as defined above, the General Manager may use all or some of the options below, and in the order he deems appropriate:

- to limit the issue to the amount subscribed, provided that this is equal to at least three quarters (3/4) of the agreed value of the issue;
- to freely distribute all or part of the unsubscribed securities; and
- to offer all or part of the unsubscribed securities to the public.

The General meeting acknowledges that this delegation automatically implies a waiver by the shareholders of their preferential subscription right to the shares to which such securities give entitlement, in favour of the holders of securities giving access to the Company's share capital which may be issued.

The General Meeting grants complete authority to the General Manager, who may further delegate such authority under the conditions provided by the applicable legal and regulatory provisions, for the purposes of implementing this authorisation, and specifically:

securities will entitle holders to company shares, and other conditions concerning their issuance (including the act of granting guarantees or securities) and amortisation; and

- in general, taking any measure that may be required, entering into any agreements, requesting any authorisations, performing any formalities, and doing whatever is necessary to ensure the successful outcome of the issues planned, or to postpone them, and specifically recording the capital increases resulting from any issue carried out under this delegation, and amending the Company's Articles of Association accordingly.
